SUMMARY

Front-end developer with 4 years of experience in React, React Native, Next.js and TypeScript. Currently on Livelos design system team (Prisma), building components and tokens used daily by multiple product teams, including AI tooling in the development workflow (MCP, agents). Hands-on from Figma to app store releases.

PROFESSIONAL EXPERIENCE

Mid-Level Front-End Developer | Design System · ília (client: Livelos)

Nov 2025 - Present

- Build and evolve components and tokens for Prisma, Livelos design system, in React and React Native, consumed daily by product teams
- Maintain the design token base with Style Dictionary and enforce usage conformity across company repositories
- Develop tooling that brings the design system closer to developers' workflow, including AI integrations (MCP)
- Provide technical support to consuming teams and ensure component accessibility (WCAG)

Mid-Level Front-End Developer · Divam

Mar 2025 - Jun 2025

- Evolved the mobile app (React Native) and web application (Next.js) of a mental health platform in production
- Designed screens in Figma before implementation and reviewed business rules with the product team
- Worked with GraphQL and organized the product's visual foundation toward a design system
- Handled demands coming from the real-user support channel

Front-End Developer · Heap Engenharia e Software

Apr 2022 - Mar 2025

- Joined as an intern and left owning entire projects: e-commerce sites, institutional websites, internal tools and mobile apps
- Rescued a legacy mobile app and shipped it back to the App Store and Play Store, including a video call feature built with scarce documentation
- Implemented SSR with Next.js, improving load times and SEO for client websites
- Documented reusable components in Storybook and integrated REST APIs within Scrum/Kanban teams

TECHNICAL SKILLS

Frontend: React, Next.js, React Native, TypeScript, JavaScript (ES6+), Tailwind CSS, Styled Components

Design Systems: Design Tokens (Style Dictionary), Storybook, Accessibility (WCAG), Figma

AI in development: MCP (Model Context Protocol), AI agents, context engineering, Claude Code
